FINANCIALS AT A GLANCE <

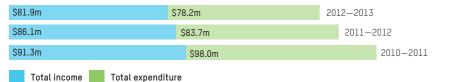

MONITORING OUR PERFORMANCE

OUR FOCUS THIS YEAR HAS BEEN ON GROWTH, EFFICIENCY AND IMPACT. ACROSS ALL THREE AREAS, WE HAVE ACHIEVED OUR TARGETS.

Please note: the Americas does not appear in this graph as support to this region is through payments to Oxfam Shop producer partners, which aren't included in our program expenditure figures. "Global" refers to programs that are not region specific.

WHERE THE MONEY GOES

TEAM USE TO MONITOR OUR FINANCIAL PERFORMANCE ON A REGULAR BASIS.

The three main key performance indicators are:

PROGRAM INVESTMENT RATIO

The program investment ratio is the total amount spent on our long-term development, emergency response, advocacy programs and public campaigning work expressed as a percentage of total expenditure.

WHAT THIS MEANS

3-year rolling average	69	9%
2014—2015	69	9%
2013—2014	66%	6
2012—2013		71%
2011—2012	7	0%
2010-2011		73%

Our program investment ratio increased from prior year as we increased our expenditure on program and emergency responses. We continue to maintain significant levels of investment in our programming and advocacy work.

COST OF FUNDRAISING RATIO

The cost of fundraising ratio is the total amount spent on fundraising expressed as a percentage of total community support **income**. It excludes funding that comes from government sources and other institutional donors. Community support income is money received from the Australian public.

WHAT THIS MEANS

3-year rolling average	
2014-2015	
2013-2014	
2012-2013	
2011-2012	
2010-2011	

Our cost of fundraising ratio decreased from the prior year mainly due to higher emergency income raised than anticipated. Although fundraising expenditure grew by 17% (\$2.6 million) from last year, community support income increased at a faster rate by 21%, mainly due to unexpected humanitarian appeals (Cyclone Pam in Vanuatu and the Nepal Earthquake). Hence the ratio shows a reduction compared to last year.

TO DOWNLOAD OUR CONSOLIDATED FINANCIAL STATEMENTS, VISIT WWW.0XFAM.ORG.AU/ANNUAL-REPORT

WE HAVE A SERIES OF KEY ACCOUNTABILITY MEASURES THAT OUR BOARD AND MANAGEMENT

COST OF ADMINISTRATION RATIO

The cost of administration ratio is the total amount spent on administration expressed as a percentage of total expenditure.

WHAT THIS MEANS

3-year rolling average	12%
2014—2015	11%
2013—2014	12%
2012—2013	12%
2011-2012	15%
2010-2011	14%

Our administration ratio has gone down due to greater internal cost efficiencies and higher emergency expenditure during the year. This increased program expenditure meant a reduced administration spend relative to last year.

FINANCIAL REPORT

30,214 OXFAM UNWRAPPED GIFTS WERE BOUGHT FOR LOVED ONES THIS YEAR

OXFAM TRADING SALES WERE \$12.5 MILLION, HELPING ARTISTS AND PRODUCERS IN **39 COUNTRIES EARN AN INCOME**

ACHIEVING OUR TARGETS

The consolidated surplus for the vear was \$6.5 million, following last year's \$1.9 million surplus. We also reported a positive cash flow from operations of \$7.4 million. The surplus includes a significant amount of emergency income (mostly for the Nepal earthquake, in which our supporters demonstrated their incredible generosity), which has yet to be distributed. This will be spent in 2015–2016, meaning we will report a significant deficit next financial year.

During the year, our consolidated income increased by \$19.6 million, to a total of \$110.7 million. The main contributor was community support income, which increased by \$10.8 million. We also spent \$62.8 million on our long-term program development, advocacy and emergency responses during the year, up \$12.2 million on the previous year. Our Oxfam Australia Trading business continues to perform well, with our shops - wholesale and online —reporting sales of \$12.5 million. These sales supported hundreds of fair trade and ethical producer partners in 38 countries around the world.

The surplus and positive cash flow was largely due to:

- significant emergency income received during the year (related mostly to the Nepal earthquake and Tropical Cyclone Pam in Vanuatu appeals);
- emergency income of \$7.2 million received for the Nepal earthquake, unspent at 30 June 2015 but necessarily recognised;
- solid growth in our community support income; and
- achieving operational cost efficiencies during the year.
- Investment in income-generating activity to increase our community support income, both now and for the future, is a high priority for the organisation. In 2014–2015, this increased investment totalled \$2.6 million. However, we were able to maintain the cost of fundraising ratio at an appropriate level.
- Oxfam Australia has been disappointed at the decrease in the Australian Government aid program and will continue to lobby both government and opposition parties on the importance of an increased and sustainable Official Development Assistance budget (Australian Government overseas aid budget).

PROGRAMS

During the year, Oxfam Australia invested \$62.8 million in international and domestic programs. Grants to partners for program work increased by \$8.9 million and includes \$2.7 million in grants to partner humanitarian agencies working with Oxfam on the tropical Cyclone Pam response in Vanuatu. Domestic programs investment was \$1.7 million during the year, an increase of \$300,000 on the previous year. Significant program investments during the year were:

- \$5.5 million in our response to the Nepal earthquake. The remaining money raised during Oxfam's appeal will be spent in the coming vears helping the people of Nepal to rebuild and become more resilient to disaster:
- \$4.6 million on our response to Tropical Cyclone Pam in Vanuatu;
- \$2.8 million on the No Longer Vulnerable program in South Africa, which focuses on HIV and AIDS prevention and providing clean water and sanitation to communities;
- \$1.6 million on the West Africa Ebola crisis:

- \$2 million on the Economic Justice program in Sri Lanka, which empowers women to become self-sufficient and financially independent;
- \$1.2 million on the Mekong Water Governance program, which helps communities in South-East Asia to have their voices heard on issues that affect their life, such as the construction of dams along the Mekong River and its tributaries;
- \$2.2 million on the Eliminating Violence Against Women program in Papua New Guinea; and
- \$1.3 million on Timor-Leste Rural Development Program, which aims to help communities reduce their vulnerability to disaster, climate change and food shortages.

FINANCE FOR THE FUTURE

Looking ahead, we will continue to invest in fundraising and rebuild reserves while maintaining our program investment at the highest levels possible. Our fundraising investments over the past few years are bearing fruit and we continue to grow in order to expand our program and advocacy programs. Oxfam Trading continues to move towards profitability and we remain focused on increasing sales across all three channels and keeping costs contained. We look forward to a strong, sustainable future and we would especially like to thank you, our donors for your continued generosity and support.

1. Accountability and administration expenditure is for both international and domestic programs.

2. Total expenditure identified in the Summary Income Statement above is derived from the full 2014-15 financial report. Certain types of expenditure have been categorised in line with the requirements of the ACFID Code of Conduct. These allocations are supplementary information intended for the purpose of the users of the Summary Financial Report and are not specifically derived from the full 2014–2015 audited financial report.

These summary financial reports have been prepared in accordance with the requirements set out in the ACFID Code of Conduct. For further information on the Code please refer to the ACFID Code of Conduct Implementation Guidance available at www.acfid.asn.au

During the financial year, Oxfam Australia had no transactions in the Political or Religious Adherance Promotion programs category. As noted in the Financial Report, Oxfam Australia didn't bring to account any non-monetary revenue or expenditure.

This financial report is a summarised version of our full financial report. Copies of our 2014–2015 audited financial report can be obtained by writing to the Chief Executive, 132 Leicester Street, Carlton Victoria 3053, or by visiting www.oxfam.org.au
